

PHASES OF CONSTRUCTION

The Alhambra retains elements from every phase of its history. The Alcazaba is the remains of the original fortress; the Hall of the Ambassadors houses the throne room and reception space where the sultan received visiting dignitaries; and the Church of Santa María de la Alhambra was converted from a mosque after the Reconquest.

Many of the Alhambra's **interior arches** have **no structural function**; they were designed solely for **ornamental purposes**

◁ MOORISH DECORATION

Seen here is a part of the decoration in the Relaxation Hall of the Royal Baths, situated near the Court of the Lions.

▽ MAGNIFICENT VISTA

The walls and towers of the Alhambra overlook the city of Granada and beyond it the Plain of Granada.
