

Each president was to be shown from **head to waist**, until a lack of funding **cut them off** at the neck in **1941**

▽ **THE FOUR PRESIDENTS**

More than 450,000 tons (410,000 tonnes) of granite were blasted off the side of Mount Rushmore to carve the faces of the four presidents.

▷ **UNDER CONSTRUCTION**

Workers used climbing equipment, cradles, and ski lifts to access the cliff-face on which they were working.
