1998

Microlight milestone

The first circumnavigation of the globe by microlight took off from Brooklands in the UK. British adventurer Brian Milton flew the microlight around the world and set a new world record on landing four months later.

World Water Day 1993

On the recommendation of the United Nations (UN) Conference in Brazil, World Water Day was first observed. This annual event highlights the plight of 2 billion people around the world who are living without water that is safe to drink.

Also on this day

1895 French brothers **Auguste and Louis Lumière** gave the first public demonstration of movie film technology with their camera projector, the *cinématographe*.

1945 The **Arab League** was set up in Cairo, Egypt, when six Arab nations came together to create closer bonds between each other.

1995 **Cosmonaut (Russian astronaut) Valeri Polyakov** returned to Earth after 438 days aboard the *Mir* space station – the longest-ever stay in space.

Born this day

1923 Marcel Marceau, French mime artist. His silent onstage character *Bip the Clown* sparked a public appreciation of mime.

1929 Yayoi Kusama, Japanese artist. Known as the “princess of polka dots”, she is famous for her unique paintings and sculptures.

1635

Peacock Throne

After seven years in the making, the jewelled Peacock Throne was shown to the world in a ceremony at the Red Fort in Delhi, India. Mughal emperor Shah Jahan sat on it as he celebrated the seventh anniversary of his coronation.
