

A close-up, high-detail image of a dinosaur's head, likely a Spinosaurus, with its mouth open showing sharp teeth. The dinosaur has brown and grey scales, a large eye, and a prominent, long, reddish-brown quill-like structure on its head. It is surrounded by green pine needles. A bright green rectangular stamp with a distressed, hand-painted appearance is overlaid in the upper right corner, containing the text "TERRIFIC TEETH" in bold, black, sans-serif capital letters.

**TERRIFIC
TEETH**
