

RAJGURU ELECTRONICS (I) PVT LTD

FROM LOCATION TO ACTION.

POWER SMART AUTOMATION WITH ADIY.

Track precise location with the Quectel L89XX GNSS Breakout Board and automate actions using the ESP32 4CH Relay Controller.

The perfect combination for IoT innovators, makers and startups.

ADIY IoT 4 Channel Relay Module

- ESP32-WROOM-32 for powerful IoT applications
- 4 High quality relays (5A @ 250VAC)
- Opto-isolated for safety
- Built-in Wi-Fi + Bluetooth
- USB-C Power & Programming
- I2C header for sensors & displays

Designed for makers.
Built for innovators.
