JANARDHANA SWAMY AND NEHA J.S.

What can I do, Uncle? I'm not rich enough to afford human labourers!

I had only these for now. You asked for 47 Ohms, right?

I will soon have it AI-enabled.

Are you still studying BJT and MOSFETs? I've already completed Quantum Computing!

No one knows this is our office as everyone is nowadays working from home!

Sir, our mains AC power supply is so unreliable here. It goes to zero volts so many times a second!
