

INOVANCE

Powering Precision in Consumer Electronics Manufacturing

Advanced motion control, robotics, and automation solutions for high-speed, high-accuracy production.

Our Key Offerings

High-performance servo systems, linear motors, and industrial robots

Fast dynamic response with exceptional positioning accuracy

Complete PLC, HMI, and motion control platform

24x7 technical support
across India

Over 15 years of presence in
the Indian market

Applications

- ➔ PCB Assembly & Testing
- ➔ Three and five axes Dispensing
- ➔ Automated Optical Inspection
- ➔ Laser Marking & Cutting
- ➔ Camera Module Assembly
- ➔ Battery Manufacturing
- ➔ Semiconductor Equipment
