JANARDHANA SWAMY AND NEHA J.S.

Sir, students are now building robots and sending them to attend the class on their behalf.

Why does the water level keep dropping here? Have you tried installing a water level controller?

CPU, cooling, wiring, and battery are all good. It's just a seasonal virus. Avoid public Wi-Fi.

Your Honour, there is more to the law than we studied. Have you heard of Ohm's Law, Coulomb's Law, Faraday's Law, ...?

That is the same robot when he was just 5 years old!

Insert some errors. It should look as if we did it instead of an AI!
