

INOVANCE

Powering Precision in Consumer Electronics Manufacturing

Advanced motion control, robotics, and automation solutions for high-speed, high-accuracy production.

Our Key Offerings

High-performance servo systems, linear motors, and industrial robots

Fast dynamic response with exceptional positioning accuracy

Complete PLC, HMI, and motion control platform

**24x7 technical support
across India**

**Over 15 years of presence in
the Indian market**

Applications

- ➔ PCB Assembly & Testing
- ➔ Three and five axes Dispensing
- ➔ Automated Optical Inspection
- ➔ Laser Marking & Cutting
- ➔ Camera Module Assembly
- ➔ Battery Manufacturing
- ➔ Semiconductor Equipment
