

Forging the future of automotive excellence: JC ELETRONICA TRIUMPHS AT THE 60TH ACMA EXCELLENCE AWARDS

A Landmark Achievement in Innovation, Sustainability, and Digital Transformation at India's Technology Summit 2026

NEW DELHI, FEBRUARY 11, 2026 - In a spectacular display of industrial leadership and technical prowess, **JC Eletronica Private Limited** has etched its name into the elite circle of India's top auto-component manufacturers. At the glitzy 60th ACMA Excellence Awards and the 11th Technology Summit, held at the prestigious Hotel Taj Palace, our organization was honoured with a historic "Triple Crown," securing three major awards that validate our position as a pioneer in the "Small Category" segment.

The ceremony was graced by the Chief Guest, Hon'ble Union Minister of Steel and Heavy Industries, Shri HD Kumaraswamy, who personally conferred the awards upon our team. His presence underscored the vital role that companies like JC Eletronica play in the national mission of Atmanirbhar Bharat and the global shift toward "Supply Chain 2.0."

A VISION FROM THE TOP: MANAGING DIRECTOR'S PERSPECTIVE

Reflecting on this monumental success, **Mr. Chittaranjan Behera**, Managing Director of **JC Eletronica Private Limited**, shared his strategic vision for the company's future:

"Innovation is not just a department at JC Eletronica; it is our core identity. These awards are a powerful validation of our philosophy to empower every team member to push beyond traditional boundaries. By fostering a culture of curiosity and excellence, we aren't just manufacturing components - we are engineering world-class automotive electronics that define the future of mobility. This recognition from ACMA fuels our ambition to drive even greater personal and professional growth for our people while delivering unmatched value to our global partners."

LEADERSHIP & THE POWER OF UNITY

These accolades were received on behalf of the company by our dedicated team, led by our visionary CEO, **Mr. Kuldip Narain Gupta**. Under his guidance, **JC Eletronica** has transitioned from a manufacturing unit into a centre of excellence.

"These awards are not just trophies; they are a validation of the late nights, the rigorous testing, and the collective heartbeat of our 24/7 operations," stated the leadership team. "Every circuit we design and every process we optimize is a step toward a smarter India. We dedicate this success to our employees at our Manesar facility and our partners across the globe who never stop believing in our potential."

THE PINNACLE OF RECOGNITION: OUR AWARD CATEGORIES

Our success spanned three critical pillars of modern manufacturing, proving that JC Eletronica is not just keeping pace with the industry - we are setting the tempo.

1. GOLD AWARD: Excellence in Environment, Sustainability & Governance (ESG)

This highest honour reflects our deep-rooted commitment to the planet. In an era where "Green Manufacturing" is no longer optional, JC Eletronica has integrated sustainable practices into every facet of our operations. From reducing carbon footprints to maintaining the highest ethical standards in governance, this Gold trophy is a testament to our responsibility toward future generations.

2. BRONZE AWARD: Excellence in Digitalization

The "Factory of the Future" is being built today at JC Eletronica. This award recognizes our successful implementation of advanced digital frameworks, IoT integration, and data-driven decision-making processes. By digitizing our shop floor, we have enhanced transparency, reduced waste, and significantly boosted our operational efficiency.

3. BRONZE AWARD: Excellence in New Product Design, Development & Localization

True innovation lies in the ability to create locally for a global market. This recognition celebrates our R&D team's ability to take a product from a mere concept to a high-quality, localized reality. Our focus on localization ensures that we provide cost-effective, world-class solutions while strengthening the domestic supply chain.

TOWARDS A SMARTER, GREENER HORIZON

As the 11th Technology Summit concludes, JC Eletronica looks forward with renewed vigor. Our roadmap for 2026 and beyond is clear: we will continue to invest in cutting-edge automation, double down on our ESG goals, and push the boundaries of electronic design.

We remain steadfast in our promise to our clients and the industry: To deliver excellence, every time.
