JANARDHANA SWAMY AND NEHA J.S.

Ladies and gentlemen, we will now begin our meal service, facilitated by our highly trained drones!

Don't worry, son. Our job is AI-proof until AGI or ASI!

Something is not right. I wonder why our self-driving cars go out at the same time every day!

Sorry, Sir. I made this traffic mistake thinking you were a real police officer!

Mom, I know how to make a wireless phone charger for you. May I borrow the scissors?

I was asked to find out if there are any jobs robots and AI can't do. I hired this robot to help me.
