JANARDHANA SWAMY AND NEHA J.S.

I work as a TV quality check engineer, but she thinks I just watch TV all day at the office!

They say machines will take over the world. What will we do?

Sir, we made more money by selling replacements for our tiny remotes than from the TV itself!

Sir, AI and digital electronics are everywhere, like God. We built this to honour them.

Don't feel bad. It's not just you. Even I lost my job to AI!

My system says I have an outdated driver!
