

India plans drone PLI 2.0 scheme worth ₹15 billion

The Indian government is set to unveil a second drone PLI scheme worth over ₹15 billion, pending Cabinet approval. Aimed at boosting domestic manufacturing and cutting imports, it targets raising localisation to 30%. Covering production, leasing, and software, the plan builds on 2021's ₹1.2 billion scheme, supporting a sector valued at ₹120-140 billion with 300 manufacturers.

BEL posts ₹267.5 billion FY26 revenue, exports jump 34%

Navratna defence PSU Bharat Electronics Limited (BEL) reported a provisional FY26 turnover of ₹267.5 billion, up 16.2% YoY, with exports rising 33.65% to \$141.9 million. Fresh orders worth ₹300 billion, including \$346 million exports, boosted its order book to ₹740 billion. BEL also announced ₹16.6 billion in new contracts in March 2026 and signed a ₹19.5 billion MoD deal to supply mountain radars to the IAF.

Maharashtra rolls out ₹120 million EV incentive scheme

Maharashtra has launched a ₹120 million EV incentive scheme to reduce upfront costs and accelerate adoption across two- and three-wheelers, passenger cars, and fleets. The programme aims to boost affordability, fleet electrification, and supply chain investments. With over 300,000 EVs registered, two-wheelers dominate sales in the state.

India's Apple component exports to China hit \$2.5 billion in FY26

India's electronics exports to China surged in FY26, driven by Apple suppliers under ECMS, reaching \$2.5 billion and projected at \$3.5 billion by year-end. Overall exports to China are expected to exceed \$18 billion, up from \$14.25 billion. SIP and PLI schemes underpin growth, with Apple's \$70 billion iPhone output positioning India for 30-35% of global mobile production.

Daikin to invest ₹10 billion in India for its first global R&D hub outside Japan

Daikin Industries will invest ₹10 billion to set up its first global R&D centre outside Japan in Neemrana, Rajasthan, focusing on advanced cooling and software solutions. With FY26 revenue at ₹130 billion, Daikin targets ₹150 billion in FY27 and \$4 billion by 2030.

DRDO invites bids for prototypes worth ₹100 billion

The IAF is set to induct unmanned stealth fighters under the ₹390 billion RPSA programme, with DRDO inviting industry bids to build six prototypes worth ₹100 billion. Over 60 aircraft are planned for four squadrons within eight years, featuring 80% indigenous content, local weapons, and stealth design, advancing manned-unmanned teaming under Vision 2047.

Government sets 2028 deadline for local solar ingots

India will mandate domestically produced solar ingots and

An "AWESOME" Development Board from India?

- **Super Small:** 3 centimeters
- **Super Smart:** 3 processors
(Xtensa® Microprocessor + 2 ULP RISC-V Coprocessor)
- **Super Sensitive:** 5 Sensors
- **Super Connected:** Wifi & 10+ Interfaces
- **Super Flexible:** 30 GPIOs
- **Super Easy:** FPC + Dedicated Battery Connector
