

Powering India's Electronics Sector

SERIO GenS Printing Platform

SERIO GenS is the next evolutionary step in EKRA stencil printing: faster, more precise, AI-supported, easier to operate, and modularly scalable for the Smart Factory.

- ✓ Designed for long-term technological relevance
- ✓ Upgradeable through software, automation and AI
- ✓ Maximum investment security

Key Facts

- _Print Format: 80 x 50 mm - 510 x 510 mm
- _Stencil Sizes:
450 x 450 mm – 740 x 740 mm, flexible
- _Machine Capability $\pm 8 \mu\text{m}$ @ 6 Sigma
- _Print Repeatability $\pm 12,5 \mu\text{m}$ @ 6 Sigma
- _Print Head, pneumatic driven squeegee head with closed loop pressure control and stencil relief
- _Order Change < 5 min

Generation GenS – Not Just Machines. Evolution Engines.

The GenS concept: Energy and compressed air consumption have been reduced to a minimum, while throughput and repeat accuracy have been maximised. With a handling cycle time of 5 seconds and repeatability of $12.5 \mu\text{m}$ @ 6 Sigma, SERIO GenS once again sets the benchmark in the industry. Quality and durability are our top priorities.
