

CREATE YOUR Connections

THERMAL SYSTEMS

RDS UV LED

Drying | Hardening

Efficient UV LED hardening for coatings and adhesives. Energy-saving technology with precise process control ensures reliable results and seamless integration into modern production lines.

UV LED Technology

High Energy Efficiency

Fast & Precise Curing

High Process Reliability

Low Thermal Impact

Long Service Life & High Productivity

Modular Design

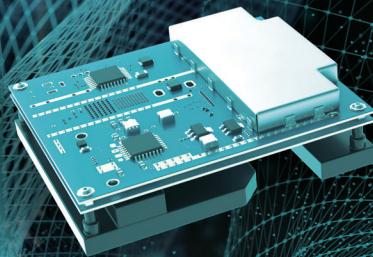

Flexible Integration

Industry 4.0 Ready

Compact & Sustainable

Rehm Thermal Systems India Private Limited Your Local Partner

A wholly-owned subsidiary of Rehm Thermal Systems GmbH (Germany), operating as an integrated sales, service, spare parts and application technology centre.

Address: MDS Group Signature-Ground Floor, 15th Main Road, 5th Block, HBR Layout, Bengaluru, Karnataka 560043, India
