

Tech Conclave that Rocked Three Cities

**MOUSER
INDIA
TECHNICAL
ROADSHOW 2026**

An event that brings the best engineering minds together, highlights latest tech trends and showcases cutting edge electronics. That's what Mouser Electronics conducted, rather three of them, across Pune, Chennai, and Bengaluru. For those who missed, here are a few glimpses ...

Hari Babu Damacharla,
Littelfuse

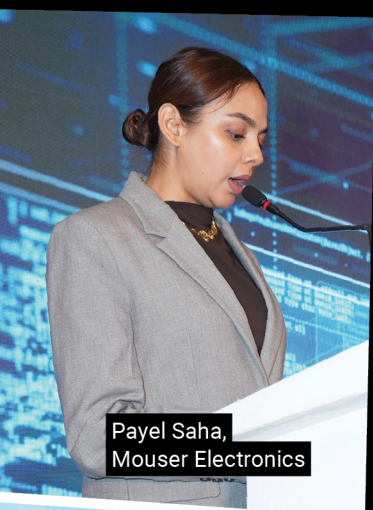

Hideyuki Maruyama,
Taiyo Yuden

Sathish
Sivasubramanian, Molex

Mohammed Vaseem,
Mouser Electronics

Payel Saha,
Mouser Electronics

Akinobu Katsura,
Taiyo Yuden

Siji Sunny,
Varroc Connect

A packed house

Mayank Khandoori,
Analog Devices

Q&A session

PUNE

PUNE: EXPLORED THE ELECTRONICS DRIVING AUTOMOTIVE INNOVATION

On 12 June 2026, Mouser Electronics brought its roadshow to Four Points, Sheraton, Pune, focusing on technologies shaping modern automotive electronics. The programme explored automotive connectivity, passive components, power efficiency, and electronic system design through sessions from Varroc Connect, Littelfuse, Taiyo Yuden, Molex, and ADI. From automotive innovation to component evolution and efficient electronic systems, the event gave Pune's engineering community insights into the technologies enabling smarter and more efficient vehicles.

SESSION TITLE	SPEAKER
Keynote Address	Siji Sunny
Innovation with Automotive Electronics	Hari Babu Dharmcharla
Powering the Evolution of Passive Components in Automotive Electronics	Hideyuki Maruyama
Molex Innovation in Automotive Electronics	Sathish Sivasubramanian
ADI Technologies Enabling Higher Efficiency in Modern Electronic Systems	Mayank Khandoori
Open House Q&A & Vote of Thanks	-
