

x

RAJGURU ELECTRONICS (I) PVT LTD

High-precision **80GHz radar module** for accurate **non-contact liquid level measurement** in demanding environments.

Unaffected by harsh conditions for stable and continuous performance.

Industrial Level Measurement

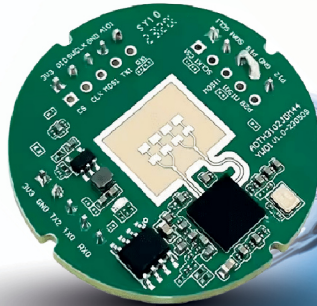

Sewer Level Detection

Medical Liquid Measurement

Fuel tanks Liquid Measurement

HLK-LD8001

80Ghz Liquid Level Detection Radar Sensor Module

Measuring Range
Up to 15m

High Accuracy
 $\pm 5\text{mm}$

Fast Response
Time 200ms

Compact & Easy
Integration

HLK-LD6004

60Ghz Multi Target 3D Human Presence Radar Module

Wide detection angle
Pitch $\pm 60^\circ$ (V)

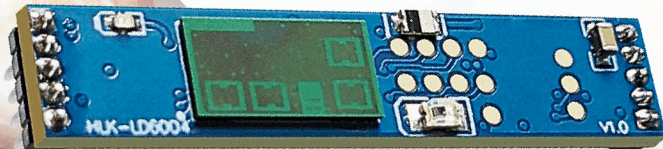

Outputs real-time 3D (X,Y,Z) position

Multi-target tracking (upto 3)

Micro-motion & stillness detection

Advanced 60GHz radar module with 2T2R antenna system that **detects motion**, micro-movements and stationary human body with high accuracy.

Elderly Care & Health Monitoring

Human Detection Lighting

Security & Occupancy Sensing

Smart Home Automation

**Meet us at
upcoming exhibition**

electronica India

Booth H5, H45

BIEC Bengaluru
16-17-18 September 2026
