

Electronics & Tech Events

Event, Date and Venue	Topics	Website
elexcon 2026 Sep 9-11, 2026 Shenzhen World Exhibition & Convention Center, China	As the leading annual event for electronics and embedded technologies, it will showcase embedded AI and edge AI, memory, SoC/MCU/MPU, wireless technologies, MEMS sensors, power management ICs, power devices, industrial power supplies, passive components, and advanced packaging solutions including SiP and Chiplet.	https://www.elexcon.com/en
Semicon India 2026 Sep 17-19, 2026 Yashobhoomi, New Delhi	Jointly organised by the India Semiconductor Mission (ISM) and SEMI, the event reflects India's growing prominence as a trusted partner in the global semiconductor value chain. It continues to drive strategic collaboration between industry, government, academia, and startups.	https://www.semiconindia.org
India Display Conference 2026 Sep 18-19, 2026 Yashobhoomi Convention Center, Delhi	Step into the future of LCD, OLED, MicroLED, AR/VR, and intelligent display systems, where innovation, industry, and opportunity converge.	https://www.semiconindia.org
Open Source India Oct 7-8, 2026 NIMHANS Convention Center, Bengaluru	One of India's leading open source conferences, OSI brings together developers, architects, and tech leaders. Expect deep-dive sessions, real case studies, and conversations around the future of open tech.	https://opensourceindia.in
NEPCON ASIA 2026 Oct 27-29, 2026 Shenzhen World Exhibition & Convention Center, China	Asia's leading exhibition for electronics R&D, manufacturing and packaging technology. It consists of shows specialised in essential areas for electronics manufacturing and R&D. The show has increased its value as an exhibition representing Asia's leading one-stop venue for all those involved in the electronics industry.	https://www.nepconasia.com/en-gb.html
EFY Expo Gujarat Dec 3-5, 2026 Helipad Exhibition Centre, Gandhinagar, Gujarat	A fast-growing regional expo focused on electronics manufacturing and innovation in Western India. It's a great platform for discovering new suppliers, partners, and emerging technologies.	https://gujarat.efyexpo.com
EFY Expo Pune Jan 21-23, 2027 Auto Cluster Exhibition Center, Pimpri, Pune, India	Electronics expo with conferences on automotive electronics, EVs, and Industry 4.0 (IIoT). It covers a wide range of electronics-related technologies, products, and topics, including electric drives, battery management systems, and IIoT solutions.	https://pune.efyexpo.com
AI DevCon 2027 March 4-5, 2027 NIMHANS Convention Center, Bengaluru	A two-day conference for developers, IT leaders, researchers, and enthusiasts to explore and work with AI, covering tools, frameworks, GenAI, edge and cloud AI, open source innovations, and industry case studies.	https://www.aidevcon.in

Since this information is subject to change, all those interested are advised to ascertain the details from the organisers before making any commitment.

mented. The ruling reinforces the plan's validity and closes another challenge in Rolta India's insolvency proceedings.

Dixon Technologies gives \$220 million guarantee for Lenovo Manufacturing Unit

Dixon Technologies has issued a \$220 million (about ₹2101 crore) corporate guarantee for its wholly owned subsidiary Padget Electronics in favour of Lenovo Ireland. The guarantee will cover Padget's payment obligations for raw materials and components used to manufacture Lenovo products. Padget was awarded a Lenovo IT hardware

manufacturing contract in December 2023 under PLI 2.0.

Esri India and BEL partner on GIS and GeoAI for defence

Esri India and Bharat Electronics have signed an MoU to collaborate on defence projects using GIS (Geographic Information System), location intelligence, and GeoAI. The partnership will combine BEL's defence systems expertise with Esri India's geospatial capabilities, while Esri India will train BEL teams on its Indo ArcGIS platform. The initiative aims to strengthen indigenous geospatial technology and defence capabilities.

TI India's WiSH Programme sees 33% rise in women applicants

Texas Instruments India's WiSH programme saw registrations rise 33% year-on-year to nearly 2600 in 2026. Since 2021, it has mentored 685 women engineering students and supported over 300 internships. The programme offers technical training, lab exposure, and mentorship, aiming to increase women's participation in semiconductor careers, where they remain underrepresented despite comprising 43% of STEM graduates.
