

How far can your
slime stretch?

What planet
are you from?

Try adding googly eyes to
give your alien a face.

SENSE-ible science

Can you feel the slime
change as you play?

How does the slime smell?
Do you like it?

Is the slime squelching
in the bowl?

Do you think your slime
is a liquid or a solid?

Liquids

Liquids flow and can
change the shape that they take.

water

juice

Solids

Solids are stiff and
hold their shape.

spoon

brick

Can you
think of other liquids
and solids?
