

Spin the drum so that the beads hit the paper plates and make a banging sound.

Paper plate

beads

string

wooden spoon

Spinning drum

To make a drum, tape a wooden **spoon** between 2 **paper plates**. Stick the plates together. Then attach 2 **beads** to the sides of the plates with **string**.

glass bottles

Fill your bottles with different amounts of water. You can add food colouring to make them look pretty.

Can you make a tune? Try tapping different parts of the bottles to see if it sounds the same.
