

Your Science Senses

Hearing

There are so many noises to listen to!
What can you hear?

Smell

Use your nose to find smelly clues!

Brain

Your brain is not one of your senses, but it gathers information from them all and tries to understand it.

Sight

Super scientists use their eyes for looking really, really carefully.

Taste

Your tongue is great at tasting different flavours.

Touch

Your skin tells you how things feel. Be careful with objects that might be hot, cold, sharp, or that might hurt.

Let's see what
we can do!
