

Some bugs will pop into your hotel for a short visit, while others may choose to hibernate there during the cold winter months.

Fill

Get creative, and fill the gaps between your pallets. Start by adding larger materials like pots and branches, then gradually fill smaller spaces with things like pinecones and hollow plant stems. You can use straw and cut grass to fill very tiny gaps.

Decorate

Add the finishing touches to your hotel. Make a sign, and plant nectar-rich flowers like daisies nearby—they're the perfect treat for bees and other pollinating guests. Then sit back, and watch your tiny friends move in.
