

Electronics lead PLI payouts in FY25 with ₹57.32 billion

India's electronics sector led FY25 PLI gains, securing ₹57.32 billion, over half of the total incentives. Exports soared 32.5% YoY to US\$38.58 billion, with computer hardware doubling. Now among the country's top three export categories, electronics is powering the country's manufacturing surge, closely followed by the pharmaceutical sector.

Gujarat launches electronics policy and aims to attract ₹350 billion investment

Gujarat has launched the Electronics Component Manufacturing Policy 2025 to cut import dependence and draw over ₹350 billion in investments. Offering fast-track dual incentives under ECMS, it targets sectors like PCBs, lithium-ion cells, and camera modules. With added focus on R&D, talent development, and exports, the state aims to lead in electronics manufacturing.

Centre approves ₹4.17 billion electronics manufacturing cluster in Uttar Pradesh

The central government has approved a ₹4.17 billion electronics manufacturing cluster in Uttar Pradesh's Gautam Buddha Nagar. Spanning almost 81 hectares, it is expected to attract ₹25 billion in investment and create 15,000 jobs. As part of the EMC 2.0 scheme, it will boost electronics production and support startups, with enhanced connectivity near Jewar Airport and major industrial zones.

China's rare earth and US's copper curbs rattle India's electronics manufacturing plans

India's electronics sector is under strain as China restricts exports of rare earth magnets, gold compounds, and capital goods vital for semiconductors, PCBs, and EVs while India adds import curbs on gold-based materials. Simultaneously, steep US tariffs on copper risk diverting global supplies. With no domestic substitutes for high-purity copper and gold inputs, industry fears production delays, investment risks, and job losses.

Amber Enterprises to build ₹60 billion electronics plant in Noida

Amber Enterprises plans to invest ₹60 billion in an electronics manufacturing facility near Noida International Airport in Jewar. Spanning 40.47 hectares, the facility will produce printed circuit boards, home appliances, and consumer electronics. The project is backed by Yamuna Expressway Industrial Development Authority and has strong support from the state government.

BEL secures ₹35 billion worth of orders in June 2025

Bharat Electronics Ltd (BEL) secured ₹35 billion in defence contracts in June 2025, including ₹5.85 billion worth of fresh orders between 5 and 20 June. Among these, a ₹23.2 billion deal for naval missile system spares

An "AWESOME" Development Board from India?

- **Super Small:** 3 centimeters
- **Super Smart:** 3 processors
(Xtensa® Microprocessor + 2 ULP RISC-V Coprocessor)
- **Super Sensitive:** 5 Sensors
- **Super Connected:** Wifi & 10+ Interfaces
- **Super Flexible:** 30 GPIOs
- **Super Easy:** FPC + Dedicated Battery Connector
