

MeitY approves seven electronics manufacturing projects worth ₹55.32 billion under ECMS

The IT Ministry has cleared seven projects worth ₹55.32 billion under the Electronics Manufacturing Clusters Scheme (EMCS) to produce key components, including multi-layer PCBs, camera modules, copper-clad laminates, and polypropylene films. Expected to generate ₹444.06 billion in output and over 5000 jobs, this follows Minister Ashwini Vaishnaw's earlier note that EMCS has attracted ₹1.15 trillion in investment proposals.

Cabinet clears ₹250.6 billion export promotion mission to combat tariffs

The Union Cabinet approved the Export Promotion Mission, with an outlay of ₹250.6 billion, for FY 2025 to FY 2031, to boost exports, particularly for MSMEs and labour-intensive sectors. Implemented by DGFT, it includes *Niryat Protsahan* for trade finance and *Niryat Disha* for quality, branding, and logistics, aiming to enhance competitiveness and job creation.

Andhra Pradesh clears ₹1 trillion worth of tech, manufacturing investments

The Andhra Pradesh Cabinet has cleared investment proposals worth ₹1 trillion, led by Indichip Semiconductors' ₹230 billion silicon carbide facility in Kurnool. It also approved the Quantum Computing Policy 2025-30, targeting a \$1 billion investment and 5000 jobs, as well as major IT projects worth ₹43.72 billion in Visakhapatnam, reinforcing the state's tech and manufacturing ambitions.

India's electronics exports surged 41.9% in Q1-Q2 of FY26, says Commerce Minister

India's electronics sector is experiencing unprecedented growth, with exports increasing 41.9% to US\$22.2 billion from April to September 2025. Stating this at MEDEPC's 4th AGM, Minister Piyush Goyal highlighted a 58% growth in smartphone exports to US\$13.38 billion. It reaffirmed India's emergence as the world's third-largest smartphone exporter, driven by rising self-reliance and policy support.

Kaynes Semicon unveils India's first commercial multi-chip module

Kaynes Semicon has delivered India's first commercial multi-chip module from its Sanand OSAT facility to Alpha
