JANARDHANA SWAMY AND NEHA J.S.

Now, take a deep breath—it's great for your CPU cooling!

Life is changing fast, and cities grow by the hour—it is hard to find our own homes after work!

I know, 'Wi-Fi' and 'Wife' may sound very similar, but they are totally different!

Son, there is not much rain these days. Do you think most of the clouds are just filled with data?

The presentation I stored in the cloud is gone. It must be the yesterday's lightning!

Thanks to you all for the support. I am now the Minister of Wearable Technologies!
