

Calendar of Forthcoming Electronics Fairs/Exhibitions/Seminars/Events

Event, Date and Venue	Topics	Contact for details
India Electronics Week February 26-28, 2025 KTPO Expo Center, Whitefield, Bengaluru	India's No. 1 event for creators of smart electronics solutions to discover latest techniques, best practices and technologies for developing electronics better, cheaper and faster, and meet service providers, suppliers and partners who can enable growth of your business.	Website: www.indiaelectronicsweek.com
IoTShow.in February 26-28, 2025 KTPO Expo Center, Whitefield, Bengaluru	The conferences at IOTSHOW deliver an unsurpassed depth and breadth in practical content. Participate in cutting-edge talks and training by industry stalwarts and thought leaders who are transforming the IoT scene themselves. Build the skills you need to get ahead with your career and the ones you need to stay ahead.	Website: https://www.iotshow.in
electronics ROCKS February 26-28, 2025 KTPO Expo Center, Whitefield, Bengaluru	IoT, Miniaturisation, Energy Efficiency, Wireless Power, Security, and AI are some of the tech trends that have gained popularity amongst designers of electronics products. Discover how they are progressing and what will be the cutting edge in 2025 and beyond.	Website: https://www.electronicssocks.com
smartBHARAT February 26-28, 2025 KTPO Expo Center, Whitefield, Bengaluru	Bharat has its own set of unique needs for its citizens to benefit from a smart nation. What are these needs? How large are their opportunities? What's holding us back? Who's there to help? What needs to be done to tap this mega opportunity? EFY brings thought leaders from tech and different facets of Bharat to share ideas, success stories, and challenges that still need to be addressed.	Website: https://www.smartbharat.in
embedded India February 26-28, 2025 KTPO Expo Center, Whitefield, Bengaluru	It's India's only tech conference-plus-expo focused on Embedded Systems. It caters to developers of embedded systems solutions by empowering them with the latest tech and best practices to develop innovative solutions using cutting-edge tech and out-of-the-box planning.	Website: https://www.embedded-india.com
NEPCON China 2025 APR 22-24, 2025 Shanghai World Expo Exhibition & Convention Centre, China	NEPCON China is a leading B2B event that converges global circuit board assembly and advanced solutions suppliers that serve the electronics, semiconductor, automotive, and new energy industries. The concurrent highly interactive events include conferences, competitions, award programs and business matchmaking.	Website: https://www.nepconchina.com/en-gb.html
EFY Expo Pune May 15-17, 2025 Auto Cluster Exhibition Centre, Pimpri, Pune	Electronics expo with conferences on automotive electronics, EVs, and Industry 4.0 (IIoT). Covers a wide range of electronics-related technologies, products, and topics, including electric drives, battery management systems, and IIoT solutions.	Website: https://www.efyexpo.com/PUNE
NEPCON ASIA 2025 October 28-30, 2025 Shenzhen Convention & Exhibition Centre	Asia's leading exhibition for electronics R&D, manufacturing and packaging technology. It consists of six shows specialised in essential areas for electronics manufacturing and R&D. The show has increased its value as an exhibition representing Asia's leading one-stop venue for all those involved in the electronics industry.	Website: https://www.nepconasia.com/en-gb.html
Open Source India November 5-6, 2025 NIMHANS Convention Centre, Bengaluru	The twenty-second edition of Open Source India (OSI) maintains its ethos of bringing various stakeholders under one roof. The team at Open Source For You magazine, in partnership with India's Open Source community and industry, come together to accelerate development and deployment of Open Source in India and beyond.	Website: https://www.opensourceindia.in
productronica November 18-21, 2025 Trade Fair Center Messe München, Germany	This event presents the entire range of technologies and solutions for electronics production and provides in-depth insights into the latest trends in practice-oriented forums and live demonstrations. Every two years, the world of electronics production meets in Munich.	Website: https://productronica.com/en

Since this information is subject to change, all those interested are advised to ascertain the details from the organisers before making any commitment.

for working capital. Specialising in refurbishing laptops, desktops, and smartphones, GNG is India's largest Microsoft-authorised refurbisher and partners with Lenovo and HP for global operations. The offer also includes a sale of 9.7 million shares by promoters.

Mahindra unveils ₹45 billion EV manufacturing plant in Maharashtra

Mahindra Group has inaugurated a ₹45 billion EV manufacturing and battery assembly facility at its Chakan plant in Maharashtra. Part of a ₹160 billion investment plan for 2022-2027,

the facility produces electric SUVs using renewable energy and advanced automation. It features AI-driven systems and a robotic paint shop, and it prioritises skill development, gender diversity, and high-performance battery production.

Jupiter International to boost solar capacity with ₹65 billion investment

Solar panel manufacturer Jupiter International is investing ₹65 billion to expand its solar production capacity over the next three years. This includes 3GW for wafers, 9.4GW

for cells, and 6GW for modules. The company aims to become an integrated leader in solar manufacturing, focusing on quality, efficiency, and cost management. It also invests in R&D to enhance solar technology with next-gen 'TOPCon' technology.

NHPC announces ₹55 billion solar project in Bihar

The National Hydroelectric Power Corporation (NHPC) has announced a ₹55 billion investment for a 1GW solar power project in Bihar, marking its entry into large-scale renewable energy. The project, set for completion in almost two years, will support green hydrogen production for passenger buses. NHPC also plans to expand green hydrogen initiatives across India.

Assurance Intl set to launch ₹3 billion battery plant in Haryana

Assurance Intl is investing ₹3 billion in a new battery plant in Haryana, aiming to meet global orders from brands like Goodyear and Duracell. The facility will produce up to 1 million two-wheeler, automotive, tubular, and solar batteries annually. Set to create 1000 jobs, it will begin production in March 2025, supporting the company's expansion in energy solutions.

Indian Navy to acquire ten TAPAS-BH drones for strategic security

The Indian Navy will acquire ten TAPAS-BH drones, developed by the Defence Research and Development Organisation (DRDO), to enhance maritime surveillance, particularly in the Andaman and Nicobar Islands. These drones will aid in real-time surveillance, reconnaissance, and intelligence gathering, safeguarding vital shipping routes in the Indian Ocean. This acquisition aligns with the country's self-reliance goals.

vivo and Dixon sign deal for manufacturing joint venture

Dixon Technologies and vivo India have signed a binding term sheet for a joint venture, with Dixon holding a 51% stake and vivo India owning 49%. This
