

## Government clears 22 ECMS projects worth ₹418.63 billion

The government has approved 22 new projects under the third tranche of the Electronics Component Manufacturing Scheme (ECMS), with a proposed investment of ₹418.63 billion, according to the Ministry of Electronics and Information Technology (MeitY). The projects are expected to generate ₹2.58 trillion in output and nearly 33,800 jobs, bringing the total number of ECMS approvals to 46 across 11 states. Meanwhile, MeitY has sought a higher allocation for ECMS in the upcoming Union Budget.

## Centre clears 24 chip design projects to boost India's semiconductor push

The central government has approved 24 chip design projects under the Design-Linked Incentive Scheme to date, to boost India's semiconductor ecosystem. According to an official statement, the projects span surveillance, drones, microprocessors and IoT. 95 firms have gained access to industry-grade design tools, cutting costs. The programme has delivered 16 tape-outs, six ASICs, and over 1000 engineering jobs.

## PEOPLE (on the move)

### Sadaf Arif Siddiqui appointed Marketing Director for Keysight India
