Government plans ₹50 billion boost for auto parts sector

The government is drafting an incentive scheme worth over ₹50 billion to scale India's auto component industry to \$145 billion by 2030 and triple exports to \$60 billion.

Representational Image

The policy targets high-value, import-dependent components, such as engines, transmissions, and tools, aiming to lift India's global market share from 3% to about 8%.

Baahubali rocket launches AST BlueBird 6 satellite

ISRO's LVM3 heavy lift rocket will launch AST SpaceMobile's 6.5-tonne BlueBird 6 satellite on December 24 in a key commercial mission. The launch, facilitated by NSIL, marks one of India's biggest space operations of 2025 and will place the heaviest satellite yet into low Earth orbit, strengthening India's position in the global launch market.

Schneider Electric to invest ₹7 billion in Tamil Nadu

Schneider Electric will invest over ₹7 billion in Tamil Nadu to expand its manufacturing operations and set up a new plant for batteries and cooling solutions in Hosur. The investment, formalised through an MoU with the state government, will expand facilities in Chennai and Coimbatore and is expected to create around 663 jobs, strengthening the state's industrial ecosystem.

DIY KIT: Agriculture IoT & AI

Want to create exciting IoT projects for agriculture use cases or agri-IoT projects?

This kit provides everything you need to create typical IoT for agriculture (aka agri IoT) projects.

KIT INCLUDES:

- Soil Sensor
- GSM Module
- Relay Module
- IndusBoard Coin

POWERED BY

IndusBoard
COIN

Super small sized development board that enables you to create solutions for many use-cases where small size is super important.

SPECIAL INTRO PRICE

₹2,149 (Inclusive of GST)
