Australia to fully scrap tariffs on all Indian exports

Australia will provide duty-free access to all Indian exports from January 2026 under the Economic Cooperation and Trade Agreement, Union Minister Piyush Goyal announced. Since its 2022 implementation, the pact has boosted trade, improved supply chains, and benefited MSMEs. Exports to Australia rose 8% in 2024-25, with further gains expected under full tariff elimination.

Tata Power to invest ₹66.75 billion in Andhra Pradesh solar wafer plant

Tata Power Renewable Energy plans a ₹66.75 billion ingot and wafer manufacturing facility in Nellore, Andhra Pradesh, with 10GW capacity and around 1000 jobs. Approved by the state investment board, the plant will be built on 200 acres at IFFCO Kisan SEZ and include a 200MW captive

renewable power unit to supply green electricity and reduce emissions.

BEL bags fresh defence tech orders worth ₹5.69 billion

Bharat Electronics Limited (BEL) has secured ₹5.69 billion in fresh defence and strategic electronics orders, covering radars, tank overhauls, communication and fire control systems, simulators, antennas, and security software. The Navratna PSU also reported a 17.87% rise in Q2 net profit to ₹12.87 billion and 25.78% revenue growth, strengthening its presence across land, air, and naval domains.

New Indian standard sets testing norms for EV tractors

India has released a new voluntary standard, IS 19262:2025, Electric

Agricultural Tractors Test Code, to ensure the safety, performance, and reliability of electric tractors. Announced by Minister Pralhad Joshi, the standard sets uniform testing procedures for power, vibration, components, and assemblies, supporting the adoption of clean, efficient farm machinery and sustainable mechanisation across the country.

C-DAC and ideaForge join hands to bring drones to dial 112 service

C-DAC has signed an MoU with ideaForge to integrate drones into India's Dial 112 emergency response system. Using ideaForge's FLYGHT drone-as-a-service platform, drones will be automatically dispatched to incident sites, providing live visuals and risk assessments to support police, fire, and medical teams. The partnership also targets joint research in AI drones, VEGA processors, and secure real-time analytics.

Tata Motors plans ₹160-180 billion EV investment push

Tata Motors plans to invest ₹160-180 billion in its electric vehicle business
