for its IPO, aiming to raise \$300 million to 500 million with a valuation of over \$1.5 billion. The IPO follows a period of market consolidation. Despite a 5% revenue dip in FY24, the company reduced losses and plans international expansion.

NXP to invest ₹84 billion in Bengaluru R&D

Dutch semiconductor giant NXP plans to invest ₹84 billion in Bengaluru's R&D over the next five years, boosting Karnataka's position as a global innovation hub. Karnataka Minister MB Patil announced a road-

show in the Netherlands, where he also discussed potential investments with Philips and Signify in the state.

OnePlus pledges ₹60 billion for India business

Through its 'Project Starlight' for the Indian market, OnePlus has pledged to invest ₹60 billion over three years. The plan focuses on product innovation, expanding retail networks, and enhancing customer satisfaction. It includes increasing service centres by 50% by 2026, upgrading flagship stores, and improving after-sales services for Indian customers.

Tata Electronics acquires 60% stake in Pegatron's iPhone plant

Tata Electronics is set to acquire a 60% stake in Pegatron's Tamil Nadu plant for \$150 million to 200 million, challenging Foxconn's dominance in India's iPhone assembly. This move is part of Tata's strategy to expand its iPhone assembly capacity, aiming to match Foxconn's production scale and meet rising demand amid Apple's supply chain diversification.

Three EV makers raided for ₹2.97 billion subsidy fraud

The Serious Fraud Investigation Office (SFIO) is investigating EV companies Hero Electric, Benling India, and Okinawa Autotech for allegedly claiming ₹2.97 billion in subsidies under the FAME II scheme. The companies misrepresented compliance by importing restricted components from China, violating localisation requirements. SFIO has recovered financial records and is analysing evidence to uncover the full extent of the fraud.
