EKA Mobility secures ₹1.5 billion electric bus orders from UPSRTC

EKA Mobility has secured two orders worth ₹1.5 billion from Uttar Pradesh State Road Transport Corporation (UPSRTC) for 40 EKA 12-metre and 30 EKA 9-metre electric buses, along with charging infrastructure. The deal includes a decade-long maintenance contract. This partnership aims to enhance UPSRTC's eco-friendly fleet, promoting sustainable transportation in the state.

Alt Mobility secures ₹830 million funding, eyes fleet expansion

Alt Mobility has raised ₹830 million in its Series A funding round, led by Eurazeo and supported by Shell Ventures, Twynam Earth Fund, and EV2 Ventures. The company, which operates 10,000 electric vehicles in 20 Indian cities, aims to expand its fleet to 30,000 by 2026 and increase its assets to ₹8 billion.

AVPL eyes to build ₹150 million drone factory in Bihar

AVPL International plans to invest ₹150 million in a drone manufacturing facility in Bihar, creating 200 direct jobs and empowering 10,000 locals. The 16,000 sq ft (1486.45 sq m) hub, supported by the Bihar Industrial Area Development Authority (BIADA), will produce 24,000 drones annually for agriculture and other industries, advancing India's drone ecosystem.

Kerala startup raises ₹100 million for edge AI chip development

Kerala-based semiconductor startup Netrasemi has raised ₹100 million in a pre-series A round led by Unicorn India Ventures. The funding will help develop two advanced ML SoC chips, Netra A2000 and Netra R1000, for edge AI applications in IoT products. Netrasemi aims to innovate India's semiconductor landscape with efficient, cost-effective AI-driven solutions.

Airtel and Nokia join forces to transform India's 5G network

Bharti Airtel has extended its partnership with Nokia to enhance its 4G/5G networks across India. Nokia will supply Airtel with 5G equipment, including base stations and Massive MIMO radios powered by ReefShark technology. Additionally, Airtel will adopt Nokia's MantaRay AI-driven network management system for optimised performance and eco-friendly solutions, improving customer experience.

Sterling Tools and Meishuo Electric partner to make latching relays in India

Automotive fastener manufacturer Sterling Tools has partnered with Zhejiang Meishuo Electric, through its subsidiary, to produce energy-efficient latching relays for smart meters and appliances locally. This initiative aims to reduce India's import dependence and generate a revenue of ₹2 billion by FY30.
