

**REWALE**GROUP OF INDUSTRIES
"Thinking Beyond The Future"

Three Decades of Precision, Innovation, and Excellence

For over three decades, **Rewale Group** has stood as a symbol of **innovation, reliability, and excellence** in precision sheet metal fabrication. By seamlessly blending **cutting-edge technology with unmatched craftsmanship**, the company has earned the trust of leading industries across India in contract manufacturing business segment. Rewale Group is serving world class precision sheet metal products across varied sectors such as Automotive, Medical, Electronics and Electrical, Energy, Elevators and Escalators, and HVAC systems. Dr. Rohit Nehe (Engineering Department) highlights the Rewale Group's business concept in his own words, "Fill a gap in the market with a service not many people are offering. In the precision sheet metal business domain (B2B), we provide volume manufacturing services, from product design to manufacturing and final assembly. At times, we have also done interdisciplinary engineering in our job work, which is highly valued in the contract manufacturing segment."

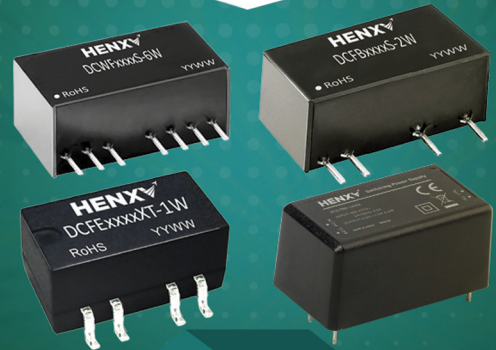

In a strategic move to strengthen the connection between academic research and real-world application, Rewale Group has announced a MOU with MITAOE, Alandi (Pune), one of the regions leading academic institutions. Above shown image is taken during the MOU signing ceremony attended by dignitaries of Rewale Group and MITAOE (Alandi, Pune). At the core of the collaborative framework is the idea of knowledge exchange, co-development and talent development. Students from MITAOE, Alandi will gain hands on experience through internships and joint research projects. Dr. Rohit Nehe says "This collaboration is an initiative of Rewale Group with the main idea of giving back to community and society. Through this programme we would want student to witness and learn cutting edge sheet metal manufacturing process and practices so that they are ready for the real-world industry challenges. Also, by working together, we can accelerate innovation and create solutions that are both technically robust and commercially viable".

HENXV™**Your Vision, Our Solutions**

OUR PRODUCTS

AC-DC CONVERTERS (3W-90W)

- Open Frame / Enclosed Module
- Wide Input Voltage Range (85~305Vdc)
- Package : SIP / DIP
- Protections : OVP, OLP, SCP
- High Efficiency (≥ 85%)
- CE, REACH, ROHS etc.
- Temperature : -40°C to +85°C

DC-DC CONVERTERS (0.25W-350W)

- Fixed Input / Wide Input Voltage / Switching Regulators
- Isolation : 1500Vdc / 3000Vdc / 6000Vdc
- Package : SIP / DIP / SMD
- CE, REACH, ROHS etc.
- Temperature : -40°C to +85°C

OTHER PRODUCTS

- IGBT Driver Power Supply (SiC / GaN)
- BUS Transceiver Modules (CAN / RS485 / RS232)

APPLICATIONS

- EV, IOT, Renewable Energy, Telecom, Medical Etc.
