India's Three-Wheeler Passenger EVs Gaining Ground With 193.6% CAGR

India's electric L5 three-wheeler passenger segment is rapidly growing, reaching 24% market penetration in FY2025 from 5% in FY2023, with a 193.6% CAGR. Over 500,000 units were sold. Mahindra led with 52,246 units, followed by Bajaj (46,118) and TVS (1696). Lower costs, policy support like Delhi's EV Policy 2.0 and fleet demand are driving adoption.

India's PC Market Posts 8.1% Growth In 1Q25

India's traditional PC market grew 8.1% YoY in Q1 2025, with shipments reaching 3.3 million units. Notebook sales rose 13.8%, workstations surged 30.4%, while desktops declined 2.4%. AI notebooks jumped 185.1%. Among the vendors, HP led with 29.1%, followed by Lenovo (18.9%), Dell (15.6%), Acer (15.4%), and Asus (6%).

Growth was driven by strong online sales, gaming demand, and rising AI adoption.

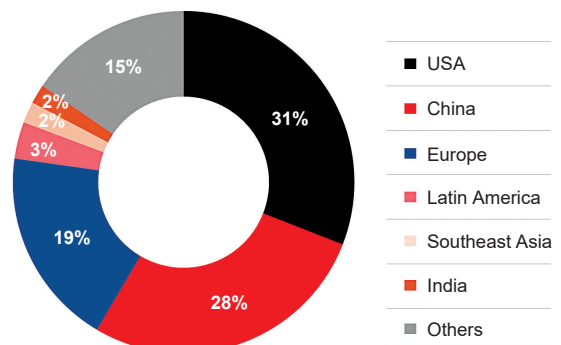

Company	1Q25 Shipments (thousand units)	1Q25 Market Share	1Q24 Shipments (thousand units)	1Q24 Market Share	YoY Unit Change (1Q25 vs 1Q24)
HP Inc.	966	29.1%	923	30.1%	4.6%
Lenovo	626	18.9%	464	15.1%	34.8%
Dell Technologies	518	15.6%	537	17.5%	-3.4%
Acer Group	510	15.4%	474	15.4%	7.6%
Asus	197	6.0%	182	5.9%	8.6%
Others	500	15.1%	491	16.0%	1.8%
Total	3317	100.0%	3070	100.0%	8.1%

India Shows Early Growth In Global In-Car Wireless Charging Market

In 2024, India held a 2% share in the global in-car wireless charging market, modest but significant as global adoption rose to 54% of new cars, up from 48% in 2023. USA led with 31%, followed by China (28%), and Europe (19%). Innovations like Qi 2/2.1 and rising smartphone premiumisation are expected to accelerate uptake in India's evolving auto ecosystem.
