

Enabling New Product Development to Manufacturing of Innovations in Electronics

Electronics ForYou **expo**

GUJARAT 2025

21-22 NOV 2025

HELIPAD EXHIBITION CENTER, GANDHINAGAR

We have known Gujarat as India's "vibrant" state. But, for the electronics industry, it's a state that's growing faster than any other.

While mass-media talks mainly about semicon related investments in the state, major growth is also happening in sectors including aerospace & defence, automotive, industrial, and even academia! The number of EMS firms and PCB suppliers are multiplying. Plus, there's a sharp increase in number of IDHs (independent design houses) and GCCs (Global Capability Centres of MNCs and Indian corporates).

Do you want to tap this fast growing market?

Do you want your firm to be seen as amongst the **Icons of Gujarat**?

EFY Expo @ Gujarat promises to make that happen for you.

The theme of EFY Expo @ Gujarat is "Enabling new product development till manufacturing of innovative electronics". And it will host conferences highlighting growth opportunities in the fields of space and defence electronics, semicon, electronics components, and DREAMS (Drones, Robotics, EVs and AutoMobileS).

THE BEST PART: Even though it's our first edition, we are offering you the option of selecting between our 100% Money Back Guarantee, or our Early Bird Offer!.
