Ola and Ather. The ₹10 billion issue will fund R&D, battery assembly, and expansion. Despite FY24 losses and falling sales, the Ampere-maker plans growth. Existing investors, including Greaves Cotton and Abdul Latif Jameel, will offload 189.4 million shares.

IT minister inaugurates Renesas 3nm design facilities in Noida and Bengaluru

Renesas opened India's first 3nm chip design centres in Noida and Bengaluru, inaugurated by IT Minister Ashwini Vaishnaw. The centres aim to strengthen India's design ecosystem, as the Japanese giant unveiled plans to support 250 institutions and 15 startups. With MoUs signed under Ministry of Electronics & IT C2S programme, Renesas aims to drive R&D, talent growth, and next-gen semiconductor innovation in India.

Cygni Energy unveils India's first LEED-certified battery gigafactory

Cygni Energy inaugurated India's first LEED-certified 4.8GWh battery energy storage system facility in Telangana, with an initial investment of ₹1 billion. The plant will expand to 10.8 GWh through an additional ₹1.5 billion over two years. Cygni's total investment across both phases is ₹2.5 billion. The facility supports energy storage, EVs, and grid applications.

VinFast to launch \$2 billion EV plant in Tamil Nadu

Vietnam's VinFast is set to open a \$2 billion EV assembly plant in Tamil Nadu by June. Located in Thoothukudi, the facility will produce 150,000 vehicles annually, starting in 2026, and create 3000-3500 jobs. VinFast plans a complete EV ecosystem with battery production and charging infrastructure. The plant will serve India, West Asia, and Africa markets.

Adani halts talks with Tower on \$10 billion chip venture over strategic doubts

Adani has paused its \$10 billion chip project with Israel's

Can a Board from India Compete with Arduino Uno & Raspberry Pi RP2040?

"YES, we can!"

- **Super Small:** 3 centimeters
- **Super Smart:** 3 processors (Xtensa® Microprocessor + 2 ULP RISC-V Coprocessor)
- **Super Sensitive:** 5 Sensors
- **Super Connected:** Wifi & 10+ Interfaces
- **Super Flexible:** 30 GPIOs
- **Super Easy:** FPC + Dedicated Battery Connector
