Tata gains 60% stake in Pegatron India

Tata Electronics has acquired a 60% stake in Taiwan's subsidiary Pegatron Technology India, including the latter's iPhone plant near Chennai. Narrowing its production gap with Foxconn, Tata aims to boost its iPhone production value share in India to 44%, adding 17,000 employees and increasing exports to 48% by 2025 with this deal.

Dixon's IsmartU India acquires KHY electronic assets of ₹1 billion

Dixon Technologies' subsidiary, IsmartU India (IIPL), has signed an MoU with KHY Electronic India to acquire land, buildings, machinery, and assets worth up to ₹1.33 billion. This acquisition aims to expand IIPL's EMS capacity and improve its operational capacity.

KASFAB setting up a semiconductor equipment plant in Bengaluru

Contract manufacturer KASFAB Tools, under UHP Technologies and KAS Group, has launched a 20,000 sq. ft (1858 sq. metres) semiconductor equipment plant near Bengaluru's Kempegowda Airport. The company secured a contract with Micron Semiconductor and plans a ₹2.5 billion investment. Additionally, it has invested ₹200 million in its Doddaballapur facility and aims to expand globally.

Lam Research to invest ₹100 billion in India

Lam Research, a US-based semiconductor equipment company, plans to invest ₹100 billion in India. The company has signed an agreement with Karnataka for land in Bengaluru. IT minister Ashwini Vaishnaw commended this investment, supporting India's efforts to reduce semiconductor imports, enhance chip manufacturing, and foster AI innovations through the India Semiconductor Mission.

IndiaAI Mission expands to 18,693 GPUs for R&D

Union Minister Ashwini Vaishnaw announced the expansion of IndiaAI's computing infrastructure, increasing its GPUs to 18,693 to support AI research for academia,

Can a Board from India Compete with Arduino Uno & Raspberry Pi RP2040?

"YES, we can!"

- **Super Small:** 3 centimeters
- **Super Smart:** 3 processors (Xtensa® Microprocessor + 2 ULP RISC-V Coprocessor)
- **Super Sensitive:** 5 Sensors
- **Super Connected:** Wifi & 10+ Interfaces
- **Super Flexible:** 30 GPIOs
- **Super Easy:** FPC + Dedicated Battery Connector
