

Test Solutions for Industries

AUTOMOTIVE / EV

- Battery Pack
- Automotive Test Standard LV124, LV148, LV123, ISO7637, ISO16750, VDA 320, Manufacturer specific.
- Endurance
- Motor
- DC-DC Converter
- EV Charging Compatibility
- Electrical Safety
- BMS Testing

RENEWABLE ENERGY SYSTEM

- Battery Tester, Solar Array Simulator
- Battery Charging Discharging system
- Battery Impedance measurement
- Battery Management System (BMS)
- Energy Storage Test Systems
- Electrolyser Test, Fuel Cell
- Renewable energy test standard IEC62910, IEC61683, IEC62116, IEC62109, IEC62891, EN50530, UL1741

RESEARCH

- Dielectric Test
- Battery Simulation Test
- Inverter Testing
- Micro Grid
- Impedance Analysis
- EIS Test

VALIDATION & TESTING

- Component Tester
- Double Pulse Test
- LED Driver Test
- Semiconductor Testing ATE
- Inverter Testing

AEROSPACE & DEFENCE

- Electromagnetic compatibility (EMC)
- ATE
- MIL-704

PRODUCT CATEGORY

- Power Supplies
- Electrical Test Instruments
- EMI & EMC Solutions
- Automated Test Equipment
- Test & Measuring Instruments

Scientific Mes-Technik Pvt. Ltd.

B-14, Pologround, Industrial Estate, Indore 452 015, India
