

# 3D AOI

## 3D AOI + SPI for PCB Inspection Enhanced by Elements.

Together with Elements, Horus is more than AOI and SPI. It's an AI-native platform built to adapt to every SMT and THT\* stage delivering faster setup, fewer errors, and smarter inspections. Precision and performance, engineered to fit your production line.

\*development in progress

### Meet Elements

#### Optical heads

**HD** Designed for Micro-electronics with Ultra-High-Resolution

**XP** 30% faster throughput, high-speed AOI

#### Conveyor

**DUO** Dual lane conveyor + fast loading and unloading

**ITU** Inspects both sides of PCBs by rotating the boards on the X-axis

**DELVI  
TECH**

Swiss Precision Thinking.  
Powered by AI.  
Perfected by Design.
