

## Electronics Manufacturing Clusters Scheme surpasses all targets

The Electronics Manufacturing Clusters Scheme (ECMS) has received investment proposals worth ₹1.15 trillion, nearly double its initial target of ₹593.5 billion, said Union Minister Ashwini Vaishnaw. The projected production is ₹10.34 trillion, surpassing the original ₹4.56 trillion target, with expected employment of 141,000 jobs and incentive outgo of ₹414.68 billion, nearly twice the planned ₹228.05 billion.
