

satellite surveillance, and directed-energy weapons, aiming to protect key cities and critical infrastructure. The system will integrate the Navy, Air Force, Army, defence PSUs, paramilitary forces, private sector companies, and research institutions into a single, cohesive network.

MoD inks ₹623.7 billion deal with HAL for LCA Mk1A jets

The Ministry of Defence has finalised a ₹623.7 billion contract with Hindustan Aeronautics Limited (HAL) for 97 Light Combat Aircraft (LCA) Mk1A. The order, comprising 68 single-seat fighters and 29 twin-seat trainers, is one of the largest indigenous defence procurements to date. Deliveries are scheduled to begin in 2027-28 and are expected to be completed within six years.

ISRO and Schneider Electric extend collaboration to boost India's space missions

The Indian Space Research Organisation (ISRO) has extended its long-standing partnership with technology solutions provider Schneider Electric to enhance automation systems at the Satish Dhawan Space Centre (SDSC SHAR), Sriharikota. The collaboration aims to strengthen operations for India's launch vehicle and satellite missions.

India and Morocco agree on a defence cooperation pact

India and Morocco signed a defence cooperation MoU in Rabat on 22 September, following talks between Defence Minister Rajnath Singh and his Moroccan counterpart Abdeltif Loudiyi. The agreement provides a framework for collaboration in defence industry partnerships, joint exercises, military training, and capacity building, aiming to strengthen and expand the existing defence ties between the two nations.

Paras Anti-Drone receives a ₹462 million defence ministry contract

Paras Anti-Drone Technologies Pvt Ltd, a subsidiary of Paras Defence and Space Technologies Ltd, has secured a significant domestic order worth ₹461.9 million from the Min-

Updates From EFY Group		
Event, Date and Venue	Topics	Contact for details
Open Source India November 5-6, 2025 NIMHANS Convention Centre, Bengaluru	The twenty-second edition of Open Source India (OSI) maintains its ethos of bringing various stakeholders under one roof. The team at Open Source For You magazine, in partnership with India's Open Source community and industry, comes together to accelerate development and deployment of Open Source in India and beyond.	Website: https://www.opensourceindia.in
productronica November 18-21, 2025 Trade Fair Center Messe München, Germany	This event presents the entire range of technologies and solutions for electronics production and provides in-depth insights into the latest trends in practice-oriented forums and live demonstrations. Every two years, the world of electronics production meets in Munich.	Website: https://productronica.com/en
DigiTech ASEAN Thailand 2025 November 19-21, 2025 Hall 7-8, Impact Exhibition Center, Bangkok, Thailand	Southeast Asian face-to-face 'Digital Solutions for Business' exhibition and networking platform to connect with the global tech and digital markets.	Website: https://digitechasean.com
EFY Expo Gujarat November 21-22, 2025 Helipad Exhibition Centre Gandhinagar, Gujarat	"Enabling new product development till manufacturing of innovative electronics." And it will host conferences highlighting growth opportunities in the fields of space and defence electronics, semicon, electronics components, and DREAMS (Drones, Robotics, EVs, and AutoMobileS).	Mobile: +91-9811155335 (Extension 2)
NEPCON China 2025 November 22-24, 2025 Shanghai World Expo Exhibition & Convention Center, Shanghai, China	With the new theme of 'New Business, New Opportunities,' NEPCON China gathers new resources of high-quality electronic manufacturing, enhances brand value, efficiently develops new business, discovers new industry networks, and expands new business opportunities.	Website: https://www.nepconchina.com
EFY Expo Pune January 8-10, 2026 Auto Cluster Exhibition Center, Pimpri, Pune	Electronics expo with conferences on automotive electronics, EVs, and Industry 4.0 (IIoT). Covers a wide range of electronics-related technologies, products, and topics, including electric drives, battery management systems, and IIoT solutions.	Website: https://pune.efyexpo.com

istry of Defence. The order covers advanced anti-drone systems, including drone jammers, for deployment by the Indian armed forces. The execution is expected by March 2026.

Cyient Semiconductors and Anora to set up test facility in Bengaluru

Cyient Semiconductors has entered into a partnership with Anora to establish a new semiconductor validation and production test centre in Bengaluru. The facility will expand integrated test and validation solutions for chipmakers, providing end-to-end services from design to production. The collaboration will combine Cyient's strength in custom ASIC/ASSP design and intelligent power solutions with Anora's expertise in semiconductor validation and testing.

VIT and AIT launch semiconductor talent programme

Vellore Institute of Technology (VIT) and Thailand's Asian Institute of Technology (AIT) have partnered to advance semiconductor education and research. The collabora-

tion includes student and faculty exchanges, joint research, dual-degree programmes, and Centres of Excellence. A key initiative is the Graduate Pathway Programme, where VIT students complete a bridging semester in electronics, computer engineering, and computer science.

IIT Bombay and Imperial College London collaborate on quantum tech for agriculture

IIT Bombay and Imperial College London have started a joint research project to explore how quantum computing and biotechnology can improve farming and soil health. The work is part of the India-UK Technology Security Initiative, a programme that supports collaboration between India and the United Kingdom in emerging technologies. This study focuses on understanding how plants and soil microbes communicate.

Noise and TVS Motor launch India's first EV-smartwatch integration

Noise and TVS Motor Company have announced India's first smartwatch integration with an
