AC-DC CONVERTERS (3W-90W)

- Open Frame / Enclosed Module
- Wide Input Voltage Range (85~305Vac)
- Package : SIP / DIP
- Protections : OVP, OLP, SCP
- High Efficiency ($\geq 85\%$)
- CE, REACH, ROHS etc.
- Temperature : -40°C to $+85^{\circ}\text{C}$

DC-DC CONVERTERS (0.25W-350W)

- Fixed Input / Wide Input Voltage / Switching Regulators
- Isolation : 1500Vdc / 3000Vdc / 6000Vdc
- Package : SIP / DIP / SMD
- CE, REACH, ROHS etc.
- Temperature : -40°C to $+85^{\circ}\text{C}$

OTHER PRODUCTS

- IGBT Driver Power Supply (SiC / GaN)
- BUS Transceiver Modules (CAN / RS485 / RS232)

APPLICATIONS

- EV, IOT, Renewable Energy, Telecom, Medical Etc.

Rajshree Electronics & Automation India Private Limited
No.385/38 1st Floor, 12th main road, Dr. Rajkumar road,
6th block, Bangalore-560010.

REWALE

GROUP OF INDUSTRIES
"Thinking Beyond The Future"

Shaping Metal. Perfecting precision

Rewale Group is a pioneering enterprise established by **Mr. Vilas Rewale** in 1993. The company has built a reputation for delivering world-class precision sheet metal products across sectors such as **Automotive, Medical, Electronics and Electrical, Energy, Elevators and Escalators, and HVAC systems**. The group's vision is to lead in precision sheet metal and industrial fabrication. This vision is realized through state-of-the-art machinery and a highly skilled technical workforce. Mr. Vilas Rewale is known for his passion for using advanced technology in sheet metal fabrication. He was among the early entrants in the 1990s and 2000s to adopt high-power Laser machines and fast turret Punch machines in India. In fact, he was the first buyer of the Salvagnini S4 + P4 line in India. This machine is often compared to a "Ferrari" in automated sheet metal processing.

Dr. Rohit Nehe from the Engineering Department of Rewale Group highlights their strengths. He says, "What sets us apart is our commitment to accuracy, consistency, and innovation for volume manufacturing. Many shops offer sheet metal process solutions, but few provide services from initial design to final product with top-quality craftsmanship. Our group has championed turnkey solution services in B2B contract manufacturing over the last 30 years. Clients rely on us not just for precision sheet metal products, but also for innovative problem-solving and long-term collaboration."

Rewale Group provides end-to-end solutions, offering businesses a single point of contact. This simplifies operations, reduces complexity, and allows businesses to focus on core areas like marketing, sales, and branding. Meanwhile, Rewale Group manages the full manufacturing cycle.
