India's Smartphone Exports Jump 30% In 1H25, Driven By US Demand

India's smartphone exports jumped 30% YoY to 40 million units in H1 2025, led by Apple's 53% surge to over 20 million units, with iPhone 16 accounting for 18% of total shipments. The US remained the top market (54%), while Motorola's exports rose sevenfold to 1 million units.

Samsung grew 1% YoY, with US shipments up 268%.

Nearly 99% of phones are now locally made.
