

Electronics cheaper and EVs steady as GST reforms roll

The GST Council has overhauled India's indirect tax system, introducing just two slabs, 5% and 18%, with a 40% rate for demerit goods, effective September 22. Consumer durables become cheaper, drones receive tax clarity, EVs retain a 5% GST, and renewables drop to 5%. The reforms aim to spur demand, boost MSMEs, jobs, and green growth.

Intel revamps leadership to strengthen products and foundry

Intel has reorganised its senior leadership to strengthen product development, foundry operations, and engineering collaboration.

Kevork Kechichian has been appointed Executive Vice President and

General Manager of the Data Centre Group (DCG). Jim Johnson becomes Senior Vice President and General Manager of the Client Computing Group (CCG). Srinivasan (Sri) Iyengar will

lead the newly created Central Engineering Group as Senior Vice President and Fellow. Naga Chandrasekaran expands his role as Executive Vice President and Chief Technology and Operations Officer of Intel Foundry. At the same time, Michelle Johnston Holthaus, former Chief Executive of Intel Products, will depart but remain as an advisor during the transition.

STMicroelectronics names Anand Kumar as new MD for India

STMicroelectronics has appointed Anand Kumar as Managing Director for India, succeeding Vivek Sharma, who retired after 34 years of service. Based in Greater Noida, Kumar will drive growth strategy, innovation, and

operations. The leadership change echoes STMicroelectronics' focus on strengthening its India market position, reflecting broader semiconductor trends emphasising local leadership, talent development, and supply chain resilience.

HCLTech appoints Amitabh Kant as Independent Director

HCLTech appointed Amitabh Kant as an Independent Director, effective September 8, 2025. Kant, a former G20 Sherpa and ex-CEO of NITI Aayog, brings extensive experience in policy and development. His expertise in initiatives such as Startup India, Make in India, and PLI schemes is expected to support HCLTech's growth strategy, digital transformation, and long-term organisational objectives.

Magenta Mobility welcomes Bhavesh Panchal as its CTO

Magenta Mobility appointed Bhavesh Panchal as Chief Technology Officer on September 1, 2025. With 25+ years of experience in AI, cloud, automation, data governance, and cybersecurity, he will drive the company's technology strategy, digital transformation, ESG-aligned solutions, and next-generation platforms. Panchal previously held leadership roles at VFS Global, Hitachi Consulting, Deloitte, and Mahindra & Mahindra.

Mukundan Menon becomes the Managing Director of Voltas

Voltas Limited appointed Mukundan Menon as Managing Director, effective September 1, 2025. With 30+ years in home appliances, including 17 years at Blue Star, Menon will expand Voltas' market share across refrigerators, ACs, and other appliances, enhance distribution, after-sales service, and sustainability, and strengthen brand value in India's consumer durables market.
