JANARDHANA SWAMY AND NEHA J.S.

The secret of my health is my smartphone. I have been searching for it for the past ten years!

I was looking for a ground report on the energy system. This is the building's earthing report!

You were too slow in accepting our job offer. The job was replaced a few seconds ago by AI.

Listen, I hired this guy just to pass the time. The rest of you can now focus fully on the work.

Our recycling department is a winner; we recycled every product as soon as you manufactured it.

Thank you. Don't forget to visit my YouTube channel and hit the bell icon!
