

39.2 QUESTION TAGS USING AUXILIARY VERBS

For most verbs other than "be," a present simple statement is followed by a question tag with "do" or "does."

A past simple statement is followed by a question tag with "did."

A statement with an auxiliary verb is followed by a question tag with the same auxiliary verb.

Statements with modal verbs such as "could," "would," and "should" are followed by question tags that use the same modal verb.

39.3 INTONATION WITH QUESTION TAGS

If the intonation goes up at the end of the question tag, it is a question requiring an answer.

If the intonation goes down at the end of a question tag, the speaker is just inviting the listener to agree.
