

5.10 Listen and read.

What are those?

What are those?

Use **those** to ask about two or more things that are not near you.

They're

Use **They're** to talk about two or more things.

birds.

penguins.

polar bears.

How it works

When asking about two or more things that are not near you, say **What are those?** To answer, say **They're** and add the name of the things. Remember to use the plural form of the thing you are talking about.
