

How the course works

English for Everyone is designed for people who want to teach themselves the English language. Like all language courses, it covers the core skills: grammar, vocabulary, pronunciation, listening, speaking, reading, and writing. Unlike in other courses, the skills are taught and practiced as visually as possible, using images and graphics to help you understand and remember. The practice book is packed with exercises designed to reinforce the lessons you have learned in the course book. Work through the units in order, making full use of the audio available on the website and app.
